

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Intelligence School

~~CONFIDENTIAL~~

DATE: 30 November 1960

FROM : Chief, Management Training Faculty

SUBJECT: Weekly Activities Report No. 43
23 - 29 November 1960Supervision

Twenty requests to attend Supervision #60, scheduled for 5 - 16 December, have been received by the Registrar. The class will, however, be limited to 18 students. We have found that classes over that size are too cumbersome for our purposes. Discussion becomes bogged down and the students are unable to fully participate in the class activities. Those individuals not accepted for this course will be given a priority for the course given in January.

Management Conference

3 A tentative date has been set for the first OCR Management Conference. Mr. Paul Borel, AD/OCR, has agreed to the plan to hold the conference at [REDACTED] during the last week of March 1961. The installation is available for our purposes at that time.

General

1. Although we have discussed further the possibility of a special supervisory course for RI, the management problems of the organization are still not clear to us. We cannot, as yet, perceive how we might contribute to the solution of their problems. [REDACTED] has scheduled another discussion with Chief, RI.
